

To supplement our team, we are looking for a new staff member, at the earliest possible date from the field of:

Landscape Planning / Landscape Architecture (Master degree)

The main tasks are:

- Drawing up and visualization of open space concepts in urban development projects, as well as landscape planning,
- Taking part in the advising process for municipalities in terms of sustainable urban and community development.

A good grasp of French and German is required.

The place of work is Junglinster, in the eastern part of the Grand-Duchy of Luxembourg.

We would be pleased to receive motivated and convincing applications from experienced or newly qualified professionals at the following e-mail address: admin@zilmplan.lu.
